Tancredi Bosi

AI Engineer

tancredi.bosi@gmail.com | +39 333 5725485 | Bologna, Italy | tancredibosi.github.io

Profile

AI Engineer with a M.Sc. in Artificial Intelligence (University of Bologna), currently working in parallel as AI Engineer at LAIF and Consultant AI Engineer at CRIF. Experienced in production AI/backend systems and LLM-powered solutions (RAG, multi-agent systems) on the OpenAI and Bedrock stack.

Professional Experience

Consultant AI Engineer – *CRIF* Apr 2026 – Present | Bologna, Italy
Consulting on AI engineering initiatives, designing and delivering LLM-based and data-driven solutions in the financial information sector.

AI Engineer – *LAIF S.R.L.* Jun 2025 – Present | Bologna, Italy
AI and Backend Engineer building production services with **Python (FastAPI)**, **PostgreSQL** and SQLAlchemy on AWS.
Ship **LLM-powered features** end-to-end with **OpenAI**, **OpenRouter**, **AWS Bedrock** (boto3) and **LangChain**: RAG pipelines and Pydantic structured outputs.

Full-Stack Developer – *LAIF S.R.L.* Feb 2025 – May 2025 | Bologna, Italy
Curricular internship: backend development with FastAPI and PostgreSQL, plus AWS-based deployment of web applications.

Private Tutor in Scientific Subjects – *Self-employed* 2020 – 2025 | Bologna, Italy

Education

M.Sc. in Artificial Intelligence 2023 – 2025
Alma Mater Studiorum – University of Bologna Bologna, Italy
Computer Systems Engineering (LM-32).
Thesis: *Design, Implementation and Benchmarking of a Retrieval-Augmented Chatbot for the Insurance Sector.*
Final grade: **110/110 with Honors**.

B.Sc. in Automation Engineering 2020 – 2023
Alma Mater Studiorum – University of Bologna Bologna, Italy
Thesis: *Machine Learning and Comparison between Logistic Regression and SVM.*
Final grade: **110/110 with Honors**.

Relevant Projects

Legal MCQA with LLM Agents | *LLM, NLP*
Multi-agent system built on open-source small language models for response classification on legal MCQA, with web search and agent collaboration.

LayerCost | *Full-stack, Live product*
3D-printing quote calculator built for a real print shop: cost and price for single prints or batches, `.3mf` import. Live at layercost.vercel.app.

Sentence Reordering | *DL, NLP*
Reordering of input sentences from a random word ordering using **Transformers** and learned embeddings.

Moth | *STT, Personal project*
Italian/English code-switching speech-to-text model built for the browser: **Whisper-tiny** encoder + **CTC** head, ∼11.6M parameters, 19.4 MB.

Technical Skills

- **Languages:** Python, C, SQL, TypeScript.
- **AI Frameworks:** OpenAI, TensorFlow, PyTorch, LangChain, Langroid, OpenCV, HuggingFace.
- **Standard Frameworks:** NumPy, Pandas, FastAPI, Pydantic, SQLAlchemy, boto3, PostgreSQL.
- **Cloud / Tools:** AWS (CLI, Bedrock), Git, Docker, CAD.

Soft Skills

Fast learning • Curiosity • Problem solving • Organization • Team working • Flexibility

Additional Information

Languages: Italian (native), English (B2). **Hobbies:** 3D printing & modeling, personal projects.
